

LEARN SOMETHING NEW!

The Library of Things collection provides Morristown & Morris Township residents with the tools to explore a new hobby, to try something out before buying it, or borrow an item they'll only need once.

Want to search for buried treasure or try a sewing project? Invite friends over to play classic video games or for an outdoor film screening, or to play bocce ball and Frisbee golf? Explore the cosmos with a telescope and the natural world with a digital microscope? Now you can borrow the gear to do this and more!

Our initial group of 'Things' has been expanded thanks to a generous grant from the *John Bickford Foundation*. New items include a thermal camera and air quality monitor to test your home's energy efficiency, crochet and gardening kits, a badminton set, SNES Classic, and oversized Jenga.

The 'Things' are on view to check out in the Circulation Department. Patrons are given a portable bag containing the item and any accessories, along with a set of instructions. Things may be borrowed for fourteen days but are non-renewable and must be returned to the Circulation Desk.

Fun with Friends & Family!

Challenge others to a game of Pickle Ball or Bocce

Watch the night sky from your backyard with a telescope

Replay your favorite classic video games with a plug-and-play Atari, Sega, or Nintendo

Learn to play the ukulele

Make something special with a sewing machine

Diagnose car problems or look for home insulation issues with equipment

Residents must possess a valid Morristown & Morris Township Library Card (no courtesy or temporary cards) to check out Library of Things items

Borrowers must be at least 18 years old

Morris Township Library!

LIBRARY OF THINGS

View the Things to borrow
at the Circulation Desk

Take a winter hike with a pair of snow shoes, challenge friends to a game of pickle ball, or have a backyard movie night with our portable screen and projector.

OUR LIBRARY OF THINGS

Our collection includes a Portable Telescope, Gardening Kit, and a Metal Detector.

Test your skill at some classic Atari and Sega Genesis video games, or convert your old audiocassette tapes to MP3 format.
